

## Calibration and Repair Multi-Vendor Services For All Your Test, Measurement and Control Equipment

Tektronix is a trusted partner to the semiconductor and electronic manufacturing industries. Our experience comes from a wide range of semiconductor and electronic manufacturing clients, from large multinational corporations to small research institutions. By leveraging our unparalleled capabilities, industry-leading turnaround times and unmatched quality, semiconductor and electronics manufacturers receive superior value and a competitive advantage.

### NIST Traceable

All of our standard calibration services are available to meet government, ISO, 17025 and many other quality and reporting requirements of the manufacturing industry. Examples of our specific capabilities include:

- Spectrum Analyzers
- Oscilloscopes
- Network Analyzers
- Signal Generators
- Pulse Generators
- Function Generators
- Curve Tracers
- Communication Analyzers
- And more

### Why Choose Tektronix

Clients choose, and choose to stay with Tektronix as a multi-vendor service provider for their instrument service needs – when success cannot be left to chance.

- **Trust** - Meeting commitments and exceeding expectations.
- **Ease of Doing Business** - Shared vision, open communication and proactive collaboration.
- **Significant Business Benefits** - Gaining competitive advantage through extensive resources, global reach, local service and industry-specific expertise.
  - Quality Assurance
  - Regulatory Compliance
  - Cost Savings
  - Equipment Uptime
  - Operational Focus

### Corporate Overview

- **Exceptional Capacity & Scalability** - 100+ on-site, mobile and depot locations with more than 1,000 associates.
- **Diverse Capabilities** - In-house expertise on 140,000+ models from 9,000+ manufacturers.
- **Unmatched Quality** - NIST traceable certificate options including ISO/IEC 17025 accredited parameters.
- **360 Visibility** - Online, enterprise-wide instrument tracking, reporting and analysis tools.
- **Rock-Solid Stability** - For more than 60 years, clients have turned to Tektronix for test, measurement and monitoring solutions.

### Industry Sectors

- Aerospace/Aviation
- Automotive
- Communications
- Defense Manufacturing
- Energy
- General Manufacturing
- Life Sciences
- Pharmaceutical
- Semiconductor/Electronics
